This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Preface.

In conformity with the plan for the publication of the Worcester Town Records, the details of which are given in the preface to the preceding volume, the following petition was presented to the City Council on the 2d of June, 1890:

PETITION.

To the Honorable the Mayor, Aldermen, and Common Council of the City of Worcester.

Your petitioners respectfully represent, that the Worcester Proprietary and Town Records and the Record of Deaths, covering a period of more than one hundred years, are now preserved in print; that there remain to be printed to complete the history of the Town organization only the Records from 1801 to 1848 and the Births and Marriages; and that The Worcester Society of Antiquity, having carried on the work in the past, and borne the principal expense of the same, is desirous of continuing the publication until completed, which can soon be accomplished with the aid of a small annual appropriation by the City.

We, the undersigned, citizens of Worcester, fully appreciating the importance of this undertaking, and believing that the present opportunity to have placed in permanent and convenient form all the Town Records of Worcester at small expense to the City

should be improved, respectfully petition your Honorable Body to appropriate the sum of Five Hundred Dollars, and authorize the payment of the same to the Treasurer of The Worcester Society of Antiquity, for the purpose of defraying half the expense of copying, editing, indexing, and printing, the Town Records of Worcester from 1801 to 1815 inclusive, one hundred copies of which are to be delivered to the City Clerk for the use of the City.

Report of the Com"tee on Nathan Whites and others Petition for leave to build Horse Sheds near the Meeting House &c

We the Com"tee appointed to view & report our opinion respecting the most suitable ground on the Town Common whereon Horse Sheds may be erected, agreeably to the request of M[r]. N. White & others, have attended that service and after duly con-

sidering all circumstances respecting the same (viz.) the peculiar situation of said Common—the number of avenues crossing it—the number of dwelling houses around it and its great and indispensable usefulness as a place of parade on muster days &c &c Report as our opinion that the only suitable part of said common to be appropriated to the use abovementioned, is the land adjoining the old burying yard (viz) Beginning ten feet westerly of the most westerly butternut tree standing on the north side of said yard and extending round on the west & southwest sides thereof to the bound in the wall at the south corner providing they do not incumber the Gun House nor the avenue into said yard—The Com"tee are further of opinion that it is just and reasonable such grant should be made; but with the following conditions Viz that said sheds shall be uniformly built and handsomely constructed —uniformly painted & constantly kept in repair—and that the proprietors thereof shall be subjected to any future orders or directions of the Town respecting the same in case of non compliance with any part of the conditions annexed to said grant

All which is humbly submitted Dan[l]. Clap, David Andrews } Com"tee

Voted to accept the following alteration of the Town way runing from the Guide Post near Oxford Bridge towards Eph[m]. Mowers 2[d] Viz. Begining at the Guide post aforesaid—then runing East thirty five Degrees south forty Rods to a heap of stones thence East nineteen degrees south fifty seven Rods & five links to a heap of Stones. Bounds are on the South side of the proposed alteration

Pr. Samuel Flagg Towns Treasurer

The Committee appointed to examine the Town Treasurers accounts have attended that Service and report, that on Examination they find that Saml. Flagg Esqr. the present Treasurer, has charged himself with the Sum of four thousand Seven hundred & Eighty five Dollars Sixty Nine Cents five mills including the balance of his last account, that he has paid out on the orders of the Selectmen the Sum of three thousand & Eight Dollars ten Cents five mills including twenty Dollars which the Said Treasurer charges the Town for his trouble for one years Service which leaves a ballance in his hands of one thousand Seven hundred & Seventy Seven Dollars & fifty Nine Cents for which he is further to account

Benja. Heywood
Edward Bangs
Worcester April 7th 1806 Oliver Fisk

$500 Voted that the Sum of Five hundred Dollars be assessed on the Polls & Estates in this Town & raised for the purpose of defraying the Expences of the Town the Current year

Voted to accept the report of the Committee Chose to take into consideration M^r^. John Farrors request mentioned in y^e^ 12^th^. article in the Warrant for this meeting which is as follows viz—

The Committee appointed to consider the application of M^r^. John Farror for the purchase of a Small piece of Land on the South Side of the Common near the House of M^r^. James Wilson have attended to the object of their appointment and report that M^r^. Farror is desirous to purchase a piece of Land begining at the North East corner of his House lot near M^r^. Wilsons and thence runing Northerly in the direction of his East line about one Rod which will extend into the present trod way, and from thence to the North east corner of his Barn comprehending about five Square rods of Ground and although the Committee are of opinion that if a road for travelling was made in a direct line from the present trod way opposite M^r^. Peter Stowells to the trod way at M^r^. Farrors Barn, it would be ornamental to the Southerly Side of the Common and would not interfere with the proposed purchase nor would it in any way discommode the travel or the Inhabitants or that part of the Common Yet under all the Circumstances they are of opinion that it would not be expedient for the Town to Sell any part or Suffer any diminution of the Common land near the meeting House

A true entry. attest. Enoch Flagg. Town Clerk

At a meeting of the Inhabitants of Worcester, qualified to vote in Town affairs, on the fourth day of April 1808, as by adjournment from the fourteenth day of March last, were call'd to order by the Moderator, and the following votes passed. Viz.

Voted, to accept the report of the Committee respecting the expending of school money, on condition, the Centre district will comply with the proposals therein made, which are as follows—

The Committee appointed to consider of a proper arrangment of the public schools to be kept within the Town the year insuing, and of an apportionment to the several Districts of the money to be raised for that purpose; having attended to the objects of their appointment now present,

That it appears to the Committee it would be as benificial to the Town and more agreeable to a large portion of its inhabitants, to make the grammar School stationary within the Centre District rather than to continue it a moving school as heretofore derected, and that a compensation be made to the other districts, as an equivalent for the advantages they relinquish on that account.

The Committee therefore recommend for the consideration of the Town the following mode of apportioning the money to be raised for the benefit of public schools the present year (viz.)

That a sum not exceeding four hundred dollars be taken in the first place from the whole sum to be raised for that purpose, which shall be applied to the support of a grammar School to be kept within the centre district according to law under the directions of the Selectmen—

And if that sum shall prove insufficient, the remainder to be supplied out of the money apportioned to that district for the support of english schools—That the remainder of the money be applied to the support of english schools under the directions of the school committee man in each district, and shall be divided in the first instance according to the number of minor children in each district respectively, and from the dividend arising to the centre district, let one hundred and seventy six dollars be deducted and equally divided to the eight other districts giving twenty two dollars to each in addition to their respective dividends, as an equivalent for their not having the gramar School kept in those districts any part of the year.

The Committee further report, that from the best information they could obtain it appears that since the grammar school has been made a moving school in the Town; it has been kept eighteen months within the centre district, exclusive of the present term now in keeping, which has about half expired—That it has been kept six months in the school-house near Cap^{t}. W^{m} Gates —Eight months & three weeks in that on burncoat plain and nine months in each of the other districts

Worcester 1st. March 1808. Recd. of the Selectmen of the Town the above sum of two hundred and ninety dollars and three Cents and have given credit for the same in the Treasurers book of Record Samuel Flagg. Town Treasurer
Worcester

Worcester 22 March 1808. We the Subscribers present Selectmen of the Town of Worcester Report that we have carefully examined the whole Bonds and Lease belonging to the said Town and find that Saml. Flagg late Selectman has recd. the Interest on part of said Bonds and Lease the amount of two hundred and ninety dollars and three Cents and has given his receipt as Town Treasurer for the same, and that there is now remaining due as interest on said Bonds the sum of one hundred and twenty dol-

lars and forty four Cents, which should have been paid the first of December last—And we further report that we have received of the said Samuel Flagg the whole of the said Bonds and Lease into our possession, for which we are accountable, together with four deeds given to the Inhabitants of the said Town of Worcester, viz^{t}. One from Sam^{l}. Flagg of the Land under the Powder house—One from Samuel Denny and Easther his wife for the house and land on Tatnick road near Benjamin Johnsons—One from Abel Stowell of part of the new burying ground—And one from Geer Terrey for the land under the Engine house on the Street. Voted to have the Grammar school continue to be kept in the same way as usual

The Select men who were appointed to make an estimate of the expences of making the late alterations in the great road leading to Boston through Shrewsbury near Mrs. Chadwicks have viewed the place, and are of opinion that the part on this side Mrs. Chadwicks house, for which Mrs. Chadwick is to have 200$. damage & which will save not one rod distance, nor make better road, ought to be discontinued and that it would be proper for

the Town to petition for a discontinuance of that part; to save the $200 & also the expence of making that part—

As to the other part through Cap^{t}. Brook's meadow, the Selectmen might be able to make some estimation — But probably the Town will see fit to have it done upon contract — And any public estimation made by the Selectmen might have an influence upon this contract to the disadvantage of the Town — The Selectmen are of opinion that after granting the usual sum for repairing roads, it would be proper for the Town to grant a sum for contingent expences

Voted, that the accounts named in the above memorandum, should be adjusted by the Selectmen—

Agreeable to the fourth article in the warrant, on the petition of Jeremiah Robinson and others, a Committee was chosen for the purpose therein named, who now make their report, which is accepted by the Town, and is in the words following Viz.

The Committee appointed to view and report whither any, and if any, what repairs are necessary to be made at the Bridge near the goal, have attended to the object of their appointment and now report—

That this bridge, in its present situation, consists of three narrow sluice ways, so low, that before the water can pass over the dam on the lower side of the Bridge, those sluice ways are compleatly filled up with dead water, and whenever there is a sudden increase (which frequently happens in the Spring of the year) the the water must accumulate on the upper side and flow over it thereby greatly endangering the Bridge and discommoding the Inhabitants—

The Committee are therefore fully of opinion, that both for the safety of the Town and convenience of the public travil it is in-

dispensibly necessary this bridge should be taken up and rebuilt and raised so as to be nearly upon a leavel with the abutment at the end of the turnpike.—That, to afford sufficient conveniency for the accomodation of the public, it will also be necessary to extend the Bridge further South so as to occasion the removal of the Hatters Shop now there and embrace a portion of M^r^. Lincolns land—The terms upon which M^r^. Lincoln will consent, as the Committee are informed to a removal of this shop and that a strip of land about two rods wide should be laid out into a public highway are as follows. viz. That the shop shall — removed and fitted up in such a manner as shall be suitable for improvement —That the water shall be conveyed into the canal for the accomodation of the works below, either by constructing a dam of a sufficient heighth below the Bridge, or by extending the canal through, so as to receive the water on the North side, all which is to be at the expence of the Town, and that he shall be paid *two hundred dollars* for the land—The whole it is believed will amount to five hundred dollars, which added to the probable expence of rebuilding the Bridge will make nearly *fifteen hundred dollars* in the whole—This sum if raised by an additional tax upon the Inhabitants at large would impose so heavy a burden as to prove a discouragement to the undertaking—

The Committee have therefore, sought for other means of effecting the object—And on examination, it is found that out of the annual tax of two thousand dollars, which for several years past has been appropriated to the repairs of highways within the Town, about one half has *be* assessed on the Inhabitants of the centre school Distrect—And considering the present favorable situation of the roads and Bridges in the extreme parts of the Town; it is therefore recommended to the Town to make an appropriation of all the monies that may be assessed for highways on the Inhabitants of the centre school district for their polls and estates lying within the same during the two next succeeding years to the purpose of rebuilding the Bridge aforesaid, and for keeping the highways within that District in suitable repair—On condition however, that sufficient assurances shall be given that within the two years aforesaid, the Bridge shall be compleated in such a

manner as shall be satisfactory and without any other expence to the Town—And upon the further condition, that the plan upon which the Bridge is to be Built, shall be exhibited and approved of by the Town, by a Committee appointed for that purpose before the commencement of the work—

At a legal meeting of the Inhabitants of the Town of Worcester on Monday the sixteenth day of January A. D. 1815, at the South meeting house in said Town agreeably to the foregoing warrant— Voted to choose a Moderator by nomenation

Abraham Lincoln Esq[r]. was chosen Moderator of said meeting

The Committee who were chosen at the last annual meeting,

and directed to examine the old engines, and make sale of the same if they thought proper, & to enquire the price of a new one, with liberty to report at some future meeting, their doings thereon, now make their report, which was read and accepted, and is in the words following viz—

"The Subscribers a Committee chosen by the Town at their last annual March meeting, to examine into the situation of the engines belonging to the Town and report at some future meeting their opinion, what, would be the best for the Town relative thereto

Beg leave to submit the following report, that since their appointment, they have made exertion to sell one or both of the engines, without any offer from any person, being made, in their opinion near their value—That in consequence of an application from your Committee, an Engine maker from Boston, highly recommended, came to Worcester for the express purpose, to examine said Engines and make an exchange for new ones, but the value he estimated them at, was so trifling, your Committee did not feel authorized to make a final bargain with him—his proposals will be laid before the Town.

They further report from their own observations, that at the late fire of Earle & Williams Factory, the large Engine belonging to the Town was totally useless—We are therefore of opinion, that it is absolutely necessary for the Town, immediately to purchase a good and sufficient Engine to protect the Inhabitants of the Town against the distressing and destructive ravages of Fire—And that the old Engine be faithfully repaired as soon as possible, either for sale or use, as the Town may direct—And that a Committee be chosen for the above said purposes

Worcester Jan^{y}. 14, 1815. Sam^{l}. Brazer, Sam^{l}. Flagg J^{r}., Enoch Flagg } Committee

The above report having been accepted, and the petition of John W. Lincoln Reuben Munroe & others read, it was

Voted, To choose a Committee to purchase a new engine as soon as possible, together with all the necessary appuratus at the expence of the Town—And the following persons were chosen

Col. Reuben Sikes Ab^{m}. Lincoln & Levi Lincoln J^{r}. Esquires

The above Committee were instructed to repair the old Engine immediately, that the Town might have it for use or sale as they might hereafter determine

The meeting was then dissolved

Art. 6. The Committee of Estimates made a report of the sum necessary to be raised for defraying the expenses of the Town the current year, which was read and accepted, and ordered to be ass[ess]ed upon the Polls and Estates of the Inhabitants of the Town in the full sum thereof, which report is in the words and figures following, viz.

The Committee appointed to make an Estimate of such sums of money as will be necessary to defray the Expenses of the Town of Worcester, the current year, have attended to the subject, and ask liberty to report—

To enable the Selectmen to fulfil their Contracts and Engagements for the support of the Poor of the Town it will be necessary to raise the sum of . . . . Dolls		$1800,,00
To repair Bridges, over and above the highway taxes		200,,00

The Committee appointed under the eleventh article made a report, which was accepted, and is in the words following, viz.

The Committee within named, having taken the subject matter of their appointment into mature consideration, are of opinion that, as the Town has been at a great expense to procure Engines which will probably be beneficial only to a part of the Inhabitants, it is not expedient that those Inhabitants who cannot expect to receive any advantage from those engines, should be subjected to any further expense for Wells in the middle of the Town.

Eaton, or make an arrangement with him respecting the same, and to report their doings at the adjournment of this meeting.

The Committee to whom was refered the claim of Isaiah Thomas, made a report which report was ordered to lie over until the adjournment of this meeting.

It was then voted to adjourn this meeting to Monday the 25th day of the present Month at two of the clock P. M. and the meeting was adjourned accordingly

A true Entry— Attest, Levi Heywood, Town Clerk.

At a legal meeting of the Inhabitants of the Town of Worcester, holden at the South Meeting House in said town, on Monday the 25th day of November, A. D. 1816, by adjournment from the fourth day of said month.

Abraham Lincoln, Esquire, Moderator.

The Committee appointed under the sixth article, made the following report, viz. "The Committee, appointed at the meeting of the Inhabitants of the town of Worcester, holden on the fourth Instant, to take seizen and possession of the real estate, lately recovered from William Eaton, or to make an arrangement with him respecting the same, have attended to the duties of their appointment, and now beg leave to report—

That in the opinion of your Committee it would be more for the interest of the town, to receive from Mr. Eaton the legal costs that have arisen in the action the town has prosecuted to obtain possession of said estate, together with the annual rent of forty dollars for the use and occupation of said estate, from the time of the commencement of said action, during the natural life of the Widow Flagg who was known in said action by the name of Betsey Flagg, than to take seizen and possession—

And further the Committee report the following proposition of Mr. Eaton; viz. that he will give *thirty dollars* for the yearly rent of said estate for the term aforesaid, in addition to the legal costs in said action; or in case the town does not accede to said

proposition, that he will refer the whole subject matter of this report to three disinterested men, one to be chosen by Mr. Eaton, one by the town and the other by joint consent.

All which is respectfully submitted,

Nov. 23, 1816. Benj[a]. Heywood, Samuel Flagg, Jr., Levi Heywood } Committee.

The foregoing report having been read and considered, it was thereupon voted, that if William Eaton would pay the bill of costs that had accrued in recovering said real estate, and enter into an agreement to pay the town the annual rent of *thirty five* dollars, for each year, since the commencement of said action during the natural life of the Widow Betsey Flagg, who conveyed said estate to the town, the Inhabitants would quit-claim all their right, title and interest in said real estate, unto the said William Eaton, his heirs and assigns, forever, and the Selectmen were authorized to execute a Deed of quit-claim accordingly.

It was also voted to allow Mr. Eaton one year to pay the said bill of costs and the amount of rent already accrued, since the commencement of said action, he giving securities on interest for the same.

The Committee to whom was refered the claim of Isaiah Thomas, Esqr. made a report which was rejected.

The Committee on accounts made a report as follows, viz.

The Committee appointed to examine and allow accounts brought against the Town, have attended to the duties of their appointment and now report; that there is due from the Inhabitants of Worcester to the several persons hereafter named, the amount of there several accounts, as examined, corrected and allowed by said Committee (viz.)

Amounting to the sum of one thousand and ninety one Dollars & twenty seven cents

That exclusive of the foregoing accounts, the Committee have received the account of the Hon. Francis Blake Esqr. and of Hon. Levi Lincoln, Jr. Esqr. for legal services rendered the town; upon one of which there appears a balance due of One hundred and forty five dollars and thirty six cents upon the other two hundred and forty nine dollars and nineteen cents; upon which your Committee feel themselves not competent to decide and beg to refer them to the consideration of the town to determine as they shall think proper—there are, as is supposed, several other demands for the support of sundry paupers that have not been brought forward, which are also refered, for the town to give such directions as they may think proper.

All which is submitted.

Worcester Novr. 25. 1816.

Benjamin Heywood pr. Order

Which report, having been read, was accepted, and it was thereupon voted to authorise the Selectmen to adjust the accounts of

the Hon. Messrs Blake and Lincoln, refered to in said report, as also all accounts against the town that have not been examined and allowed by said Committe.

On motion of the Hon. Benjamin Heywood, the Town Clerk was authorised to cause one hundred copies of the Bye Law, adopted by the town at the last meeting, to be printed on a large type, and posted up in the publick houses in said town, when the same shall have been approved by the Court of Sessions.
